

HaynesPro, part of Infopro Digital, is an innovative automotive data solutions and workflow provider.

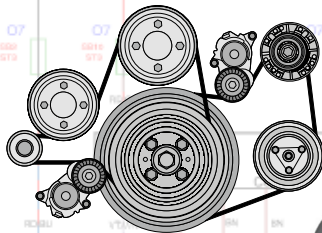

Through our qualified editorial and engineering staff we can provide up-to-date and high-quality technical information.

At HaynesPro, we value open and honest communication and are committed to listening to our employees - their ideas make us better.

What you need to know/have:

- Technical degree in Mechanical/ Electronics/Electrical/Automotive Engineering.
- Experience in Automotive Technical Data software or Parts Catalogues is a plus.
- Good English skills.

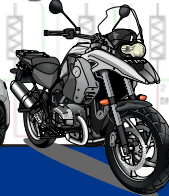

What's in it for you:

We behave with integrity - we treat others as we would like to be treated.

We know that our employees' work-life balance builds trust in our Company, that's why flexibility is at the core of our benefits and culture.

So picture yourself at a great place to work, surrounded by young teams and people who challenge you, support you, and inspire you to be extraordinary.

Are you ready to grow ? Then join us!
